Flexible fuel cards from RSM

Our extensive network coverage gives drivers access to more than 3,700 UK fuel stations, plus over 3,500 additional major brand sites nationwide.

From paperless HMRC-compliant invoicing to detailed monthly reporting and tailored spending alerts, everything is designed to give you full visibility and complete confidence in your fuel management.

- Truck Wash
- EV Charging
- Custom Alerts
- Transparent Reporting

Telematics

Monitor driving time and activity to support compliance, improve productivity and ensure drivers' hours are properly managed. Proactive maintenance alerts help you stay ahead of servicing schedules and vehicle requirements, preventing breakdowns, reducing downtime and protecting your assets.

Digital vehicle safety checks create a clear, auditable record, encouraging driver accountability while improving safety standards. At the same time, streamlined reporting reduces paperwork and administrative burden, giving you more time to focus on running your business.

Reduce your carbon footprint

Our solutions help you monitor usage and reduce unnecessary mileage, giving you the insight needed to cut fuel consumption and lower emissions. With detailed reporting and real-time data, you can make informed decisions that support both your bottom line and your environmental goals

Real-time fleet visibility

With integrated fleet tracking and reporting tools, you gain real time visibility over fuel usage, driver activity and vehicle locations. This allows you to reduce misuse, prevent fuel theft and improve operational efficiency across your fleet.

Competitive pricing

Fair pricing and consistent rates are at the core of what we do. With discounted tariffs and savings of up to 10p per litre, you benefit from transparent costs and predictable billing. Weekly direct debit payments simplify administration and support healthier cash flow
